Thyroid Health

What is Graves' disease?

This month we want to talk more about our thyroid health, focusing on Graves' disease: what it is, its symptoms and how to treat it.

Living with Type 2 Diabetes? Concerned about your Kidney Health?

LMC Manna Research is looking for volunteers to participate in a research opportunity exploring the effects of an investigational medication for people living with kidney issues.

If you are:

- 18 years of age or older
- Living with Type 2 Diabetes
- Currently experiencing mild to moderate kidney issues

Then this program may be for you! Speak to a research professional today!
