

Your Specialist Partner in Diabetes, Endocrinology & Metabolic Disease

ASK THE ENDO

416.309.9199

Monday - Thursday

5PM - 6PM

**A peer-to-peer service to support you with your
diabetes & endocrine patients**

What is LMC's "Ask the Endo" service?

"Ask the Endo" is a dedicated line for a peer-to-peer discussion with an LMC Endocrinologist. LMC Endocrinologists will be available to answer any of your questions between 5pm-6pm, Monday to Thursday.

When should I use "Ask the Endo"?

- Patient decision you are challenged with
- Medication question you'd like help with
- Referral dilemma you are pondering

Is it for patients or just for Physicians?

"Ask the Endo" is just for Physicians!

Can I talk only about my patients?

You can ask us anything about your patients and/or anything about diabetes and endocrinology care in general!

Which Endocrinologist do I get to talk to?

We have a roster of LMC Endocrinologists who volunteer their time to provide this service to Physicians and varies week to week.

What happens when I call and there is already another Physician on the line?

Your call will go to the LMC Endocrinologist's voicemail and they will call you back.

The "Ask the Endo" line is for health care professionals only. For patients seeking advice, endocrinologists will only make recommendations in clinic, not over the phone.
